Lawyers Professional
Liability

Lawyers are trusted professionals whose clients rely on them for advice on business and personal legal issues. The nature and complexity of engagements are increasing based on deal size, globalization, unprecedented transfer of wealth, technology and regulatory complexity. Clients' expectations are increasing as well and often involve complicated business and legal issues.

We feel that our insureds deserve the same depth of experience when choosing their insurance carrier as their clients expect when choosing a law firm. We have a depth of experience on both our underwriting and claims teams, and we collaborate with our insureds in the handling and resolution of claims.
